CAST STONE COLLECTION

Campania employs a talented group of artists who create original copyrighted designs that blend old world traditions with a uniquely American sensibility. They are designed, molded, poured, stained, and packaged by hand.

Campania's cast stone pieces are manufactured with a high density cast stone mix, resulting in a PSI (pounds per square inch) strength of approximately 7,500. The natural materials used in our mix are sourced locally. Our cast stone products can qualify for LEED MR 5.1 and /or MR 5.2 credits as applicable to your project.

All of our cast stone products are available in 2 exclusive patinas in addition to natural cast stone. We hand apply each patina in a multi-step process. Our patinas are designed to replicate the look of naturally aged materials and will not prevent the natural aging process. Any cast stone item with a patina will weather naturally in an outdoor environment.

Our full collection of cast stone pieces include: planters, urns, pedestals, large estate fountains, wall fountains, garden fountains, tables, benches, garden statues, Asian accents, finials, birdbaths and other accents.

CAMPANIA CAST STONE MODULAR BENCHES AND INSERTS

- Hand-made in the USA by Campania
- High density 7,500 PSI cast stone
- Natural materials locally sourced
- Can qualify for LEED MR 5.1 and MR 5.2 credits
- Strong and durable for outdoor use
- Ages naturally over time
- Available in 2 exclusive patinas, and natural concrete
- All recommended commercial products and CAD files can be viewed at www.campaniainternational.com/projects
- Full line can be viewed online at www.campaniainternational.com

CAST STONE MODULAR BENCHES AND INSERTS GENERAL CARE

Always place any Campania product on a solid level surface and not directly on grass, soil, or an uneven surface. Proper winter care is recommended for all Campania cast stone tables, benches, and accents for protection in environments with potential freeze-thaw cycles. If a planter is to be left planted over the winter, ensure proper drainage by 1.) Placing a layer of coarse gravel or other appropriate drainage material in the bottom of the container and 2.) making sure the drainage holes are not blocked. If the items remain in contact with the ground surface over the winter, the freeze-thaw cycles may cause the base to crack or crumble.

Specifications

Item #	Item Description	Number of Pieces	Dimensions L x W x H	Weight lbs.
M-101	Modular Cast Stone Fountain Insert	2	10 x 10 x 13	47
M-102	Modular Cast Stone Bench Leg	1	17.25 x 9.5 x 11	141
M-106	Modular Cast Stone Table	5	32 x 32 x 15	524

Available Colors

Natural (NA)

Greystone (GS)

Verde (VE)

Materials

Locally sourced sand, stone, cement, add mixtures
High density 7,500 PSI cast stone

Colors

Available in Natural (NA) No Patina Applied, Greystone (GS), and Verde (VE)

Warranty

Campania provides a limited 3-year warranty for damages occurring during normal product usage. For more information or for warranty claims, please call us at 215-541-4330.

Care and Maintenance

Always place any Campania product on a solid level surface and not directly on grass, soil, or an uneven surface.

Proper winter care is recommended for all Campania cast stone tables, benches, and accents for protection in environments with potential freeze-thaw cycles. If a planter is to be left planted over the winter, ensure proper drainage by 1.) Placing a layer of coarse gravel or other appropriate drainage material in the bottom of the container and 2.) making sure the drainage holes are not blocked. If the items remain in contact with the ground surface over the winter, the freeze-thaw cycles may cause the base to crack or crumble.

Packaging

Our planters are packaged with 95% recyclable material, including cardboard and 100% reusable natural wood Excelsior.
