

Cold Painted

Color is applied to Campania's cold painted planters after they are fired. As such, the color is not integral to the piece as in a fully glazed planter. To maintain the integrity of the planter and prevent peeling/fading of the surface color, we recommend that cold painted planters be used indoors only.

Care & Maintenance

Cold painted planters are recommended for indoor use only. If your planter is supplied with a saucer and drain hole, it is important that the drain holes remain unobstructed to ensure proper drainage.

Cleaning Instructions

It is recommended that cold painted planters can be cleaned with mild soapy water. Do not use alcohol based or corrosive cleaners or clean with anything abrasive.

Warranty

Campania International provides a limited 3 year warranty for material and manufacturing defects only assuming proper product care and maintenance as described in Campania's product specifications. Please refer to Campania's care instructions for proper care and maintenance. In addition to the failure to properly care for and maintain the product, this limited warranty does not apply to any defects which occur in the color or surface of the product which are the result of natural weathering, exposure to the elements or improper winterization. Campania International will not be held liable for any incidental or consequential damages, including but not limited to damage to any plants which may have been planted in the product.
